#### FINANCE DEPARTMENT.

Sol/36, the 2nd January 1936.

No. F. 148-C & R./35.—The following Resolution by the Secretary of State for India in Council is published for general information:—

#### Civil Functionaries (Commuted) Rules.

In exercise of the powers conferred by sub-sections (2) and (3) of section 54 of the Government of India Act, the Secretary of State in Council, with the concurrence of the majority of votes at a meeting of the Council of India held on the 19th day of September 1935, hereby makes the following rules to regulate the commutation of civil pensions, namely:—

1. (a) These rules may be called the Civil Functionaries (Commuted) Rules.

(b) They shall be deemed to have come into force on 1st April 1935.

2 The powers granted by these rules shall be exercised, in relation to Government servants who are under the administrative control of a local Government, by the local Government, and in relation to other Government servants by the Governor-General in Council, and may be delegated by them to the High Commissioner for India, subject to any condition which they may think fit to impose.

3. A Government servant who is a member of one of the Services or holds two of the posts included in the schedule to these rules shall be entitled, subject to the conditions hereinafter specified, to receive a lump payment of pay, not exceeding one-half, of any pension which has been or may be granted to him under civil rules. But any such commutation shall be subject to the condition that—

(a) if the pension exceeds £100 when payable in India, or Rs. 2,027 when payable in London, or Rs. 2,027 when payable in India, and less than £100 (or Rs. 1,714) or its value shall remain uncommuted;

(b) if the pension is less than £100 (or Rs. 2,027), not more than £50 (or Rs. 500) of its value shall be commuted, and not less than £10 (or Rs. 1,000) shall remain uncommuted;

Provided that the commutation authority may at its discretion elect to waive the condition in the case of a pension granted under the Promissory Estimate Rules.

4. On the application of any Government servant to whom Rule 3 does not apply, the commutation authority may, on such conditions as it thinks fit to impose, authorize the commutation of a lump payment of a pension, not exceeding one-half, of any pension which has been or is about to be granted to him under civil rules.

A. Applications shall be addressed—

(a) in the case of pensioners who draw their pensions from Indian Treasuries, or who, being resident in Calcutta having an account current with the Government, draw their pensions from the local Treasuries, to the local Government or to the Government of India, as the case may be; and

(f) in the case of all other pensioners, in the High Commissioner for India, provided that in the case of pensioners residing in a Dominion or Colony, other than those referred to in clause (e) of this rule, the application shall be addressed to the High Commissioner through the official from whom the pension is drawn.

6. No commutation shall be sanctioned until the pensioner has produced a certificate from such medical authority as may be prescribed in this behalf by the sanctioning authority to the effect that his bodily health and prospects of duration of life are such as to justify commutation.

7. The duty sum payable on commutation shall be calculated in accordance with a table or tables of present values which shall be prescribed by the Government-General in Council in the case of pensioners whose applications are addressed to a local Government or to the Government of India, and by the Secretary of State in Council in all other cases. For the purpose of this rule, the age of the pensioner shall be assumed to be such age, not being less than his actual age, as the existing medical authority may deem.

8. Where commutation has been sanctioned the pensioner shall be informed accordingly, and shall have the option of withdrawing his application within one week after being so informed. If he does not withdraw his application within that period, the commutation of pension shall become absolute, and payment of the lump sum shall be made forthwith, payment of the uncommuted portion of the pension being deferred as usual.

9. The lump sum, if calculated in accordance with the table of present values prescribed by the Government-General in Council, shall be payable in India, in all other cases it shall be payable at the Home Treasury.

10. If, where the commutation of a portion of a pension has been sanctioned, the pensioner dies on or after the date from which commutation is to take effect, but before receiving the commuted value, this value shall be paid to his heirs.

11. Rules 14 to 25 inclusive of the Pensioners' Retirement Rules are hereby amended.

(S.D. No. 5, Revenue)

No. 17.—Under the rule in article 8 (b), Civil Account Code, Volume I, a Treasury Officer may not honour a cheque not presented within six months from the date on which it becomes due. This time-limit was relaxed in G.O. No. 1039, Finance dated 2nd December 1902 in the case of payments to local bodies and the six months' limit was calculated from the date of publication of the annual Financial Statement of the Government of India in which the final accounts of the year are announced. This rule requires modification as the accounts of local bodies are not now incorporated in Government accounts.

The Government consider that when specific sums have been sanctioned to local bodies, e.g., compassionate grants in aid of the general resources of a local body, etc., the local body should ordinarily draw the amount of the grant within the financial year in which it is sanctioned, unless a

specific date is fixed before which the payment should be taken or unless the payment is ordered to be made in the next financial year, in which case the specific orders should be observed. Similarly, in the case of recurring payments, there is no reason why a local body should not claim them on the date when they become payable, or before the end of the financial year in which they fall due. The Government are accordingly pleased to order that in future the claims of local bodies for grants-in-aid, the payment of which can be made only on the issue of orders sanctioning them in each case, e.g., large sum grants-in-aid of the general resources of a local body, final payments of grants-in-aid for trunk roads, etc., should be preferred within the year of sanction, unless in the sanction some other date is specified before which the payment should be taken, or unless the payment is specifically ordered to be made in the next financial year. In the case of standing sanctions requiring no further authority, the payments should be taken before the close of the financial year in which they fall due. Payments not taken before the periods laid down by these orders will require the sanction of Government.
